OFFICERS OF BODY NAMED

PASCHAL MONK AND DOROTHY ENGLAND HEAD CONFERENCE.

CLOSES LAST NIGHT

About One Hundred Delegates From Throughout Nodaway County Attend Meeting Held At Hopkins.

Paschal Monk of Burlington Junction was re-elected president of the boys division of the Nodaway County Older Boys and Girls Conference at business meeting held at Hopkins yesterday. Dorothy England of Maryville was chosen president of the girls division of the organization.

Vernon Barrett of Skidmore was elected vice-president of the boys' division, and Miss Mary Todd of Maryville elected to this office in the girls' division. Harold Braun of Maryville was chosen secretary of the boys and Miss Roberta Cook, also of Maryville, will be the girls secretary. Lavern Robey of Maryville was selected as the joint treasurer of the county Sunday School organization.

The conference at Hopkins was one of the best that has been held. The attendance, however, was not as large as expected on account of the closing of the school terms and the students devoting their time in preparation for the examinations. About one hundred delegates were present, representing every one of the nine districts in the county with the exception of Elmo. The conference closed last night.

The conference passed a resolution thanking the people of Hopkins for their splendid entertainment while in their city. Resolutions were also passed thanking the M. E. Church members and the pastor for the use of their building for the banquet, the women of Hopkins for the excellent banquet, Miss Florine Turner, retiring girls president, and all of the committees who helped to make the conference a success and the officers of last year for their work. Resolutions also expressed the confidence in the newly elected officers. Support was pledged to Walter C. Moore, state superintendent, and Miss Bertha Anderson, Nodaway County superintendent, in the carrying out of their programs.

About 15 Gallons of Whisky Destroyed

Two Stills Taken on Liquor Raids Taken to Junk Dealer and Sold for Old Copper.

Approximately fifteen gallons of confiscated whisky were destroyed today by Sheriff Lowell B. Campbell. It was liquor he has taken on liquor raids in the county since he took office as sheriff.

No tears were shed while the whisky was being poured in a sink at the court house as the stuff was so vile the fumes were almost suffocating and Sheriff Campbell was of the opinion that a drink would mean sudden death.

Two confiscated stills were turned over to Deputy Sheriff Bernard Dougan to sell for old copper.

Delegation to Baptist Meeting at Memphis

A delegation from Northwest Missouri will probably attend the Southern Baptist convention to be held at Memphis, Tenn., May 13 to 20, the Rev. C. C. Cunningham, pastor-at-large, said today. Among those who may attend the meeting are the Rev. T. H. Wiles of Cainsville and the Rev. W. C. Ferguson of St. Joseph, former pastors here. The Reverend Mr. Cunningham will also attend the convention at Memphis.

Prominetn Kansas City Educator Found Dead

Lifeless Body of Charles W. Myers Is Discovered Near Glass Which May Have Held Poison.

Kansas City, Kan., May 7.—Charles W. Myers, 52, veteran educator of Kansas City, and for twenty-six years principal of the Prescott school here, was found dead today. A glass from which poison evidently had been drunk was found beside the body. Relatives are unable to explain the cause of his act.

Mandamus Writ Orders Williams' Approval

Judge Dawson Signs Writ in Mandamus Suit of E. L. Bartles Against Judge Robertson.

Eva L. Bartles, age 19 years, of near Sheridan, has filed a mandamus suit in circuit court against Judge Jesse F. Robertson of the probate court, requesting Judge John M. Dawson to issue a mandamus writ commanding Judge Robertson to appoint E. E. Williams as her curator and guardian.

The petition states that in February, 1924, Judge Robertson appointed Albert Wilson curator and guardian without her consent and that on the fifth of this month he refused to confirm the selection of E. E. Williams.

Judge Dawson signed a mandamus writ this afternoon ordering Judge Robertson to approve the appointment of E. E. Williams as curator and guardian of Eva L. Bartles, or show cause before circuit court tomorrow why he should not do so.

LOCAL TYPISTS WIN HONORS

AWARDED SECOND PLACE IN STATE MEET AT COLUMBIA.

SECOND IN INDIVIDUALS

Team Includes William Spoore, Harold D. Yates and Robert Porter—Miss Mabel Marr Instructor.

The Maryville High School typewriting team, consisting of William Spoore, Harold D. Yates and Robert Porter, champions of Northwest Missouri in the contest held here the latter part of last month, won second place in the state competition held in Columbia last week, according to information received today by Miss Mabel Marr, commercial instructor at the local high school.

The Maryville team wrote 44.76 words per minute for fifteen minutes. The team from Central High School at Kansas City won the state championship with a record of 45.25 net words per minute. Sedalia High School typists won third place with 37.37 net words per minute and Monroe City was fourth with 23.90 net words per minute. Four teams were entered in the contest.

In the individual championship race, Miss Margaret Strahley of Central High School, Kansas City, won first place by writing 60.45 net words per minute. William Spoore of Maryville was second by writing 59.78 words per minute.

The Maryville High School typewriting team is eligible to enter the inter-state meet to be held at Omaha May 30, but it has not yet been decided whether or not the team will make the trip. The local school board furnished the funds to send the typists to Columbia.

Braniger Infant Dies at St. Francis Hospital

Succumbs About 9 o'Clock This Morning—Short Funeral Service Is Held This Afternoon.

Marjorie Jane, the infant daughter of Dr. and Mrs. E. C. Braniger, died about 9 o'clock this morning at St. Francis Hospital. The baby was born Tuesday afternoon.

A short funeral service was held at 4:30 o'clock this afternoon at the Price Funeral Chapel conducted by Dr. C. C. James, pastor of the First Methodist Church. Burial was in Miriam cemetery.

Mr. and Mrs. J. C. Trout, parents of Mrs. Braniger, and Mrs. Amon Curfman and Ardery Curfman of Tarkio drove to Maryville this afternoon for the funeral.

Mrs. Crow and Son Return From Florida

Mrs. F. W. Crow and son, Warren, returned this morning from an extended visit in Florida. They spent most of the winter at the home of Dr. and Mrs. F. R. Anthony at Eustis. They also saw Paul Miller, who is in abstract work at Orlando, and Kenneth Fordyce, who is manager of an ice plant at Kissimmee. Mrs. Crow and son also spent some time in a number of other cities in Florida. They have been gone since about the middle of January.

BIG PROFIT IS MADE ON HOGS

FELIX BROWN CLEARS $1,379.13 FROM 16 SOWS.

TELLS OF EXPERIMENT

Project Is Carried On For Period Of Nine Months And Complete Record Of Project Is Kept.

A total profit of $1,379.13 from sixteen Poland China sows was made by Felix Brown, son of Mr. and Mrs. George Brown, who was a student in the vocational agriculture class taught by G. K. Arney, in 1923-24.

Mr. Brown conducted a project for nine months and kept complete records of all money paid out and received from the sale of the swine.

By this experiment with Poland

Felix Brown, who made a net profit of $1,379.13 from sixteen Poland China sows in nine months.

China hogs, Mr. Brown shows that a net profit of about $86.20 per sow during the nine months from March 13, 1924 to December 13, 1924.

At the beginning of the experiment Mr. Brown started with sixteen sows. Before farrowing time, each sow was fed one pound of tankage twice a week and six ears of corn per day.

Eight sows farrowed ninety-six pigs, eighty-five of which lived while the other farrowed ten. Ninety-five of the one hundred and six pigs lived and were shipped.

When the pigs were seven weeks old they were fed one gallon of shorts and about one-fourth pound of tankage per day in the following method: The shorts were first spread in the troughs dry and the tankage sprinkled on the top of the shorts. The water was then poured over it and the pigs turned to it. This mixture was gradually increased until the pigs were eight weeks old. They then received about three-fourths of a bushel of corn, 200 pounds of shorts and twelve pounds of tankage per week. The pigs were weaned when eleven weeks old and the feed of corn increased to one and one-half bushels. From this time on the pigs were turned on blue grass pasture and the feed was increased until they received about 2 per cent ratio; that is amount of grain fed about equal to 2 per cent of the pig's weight. One hundred pounds of tankage was fed in a self-feeder every week until September 20th.

On September 20th they were turned with the fall shoats into the corn field and left until November 1. The pigs were then fed on shelled corn until they were sold in December. They were fed about seventy-seven bushels per week.

The pigs were fed on a concrete floor and the floor and pens were cleaned every other day. The pens and floor were sprayed with dip or a disinfectant powder. They were never allowed to sleep out in the cold or dampness and when young were kept inside whenever it rained. They were dipped or oiled every two weeks to keep them free from lice.

The brood sows were turned on blue grass pasture in May and were left until two weeks before farrowing time when they were put in pens and fed six ears of corn per day and one pound of tankage twice a week per sow. The sows farrowed one hundred twelve pigs and now have eighty six living pigs. Their brood pens were cleaned every other day and kept free from dampness and cold draughts.

This project covers a period of nine months and the total charges of the pigs were $2,974.68, while the credits were $4,275.28 making a profit of $1,300.60. This includes the opening and closing inventories.

The amount of self-paid labor for 785 hours was about $78.53 making a total income of $1,379.13.

Wallin to Deliver Commencement

J. R. Wallin, instructor in economics and sociology at the State Teachers College, left this morning for Gallatin and tonight will deliver the commencement address at the Blair Consolidated school, five miles from there. Members of the College debate team will join him there and they will go to Cape Girardeau for the debate tomorrow night. All will return to Maryville Saturday night.

MUSIC WEEK BIG SUCCESS

ANNUAL FESTIVAL CLOSES LAST EVENING.

ORATORIOAPPRECIATED

Chorus and Soloists Show Excellent Understanding and Feeling of Story—Gardner Able Director.

"The Messiah," that hardy annual among the oratorios, bloomed again last night as the concluding number of the Spring Music Festival given by the Northwest Missouri State Teachers College. The performance was in the College auditorium and attended by a large audience.

The chorus of 230 voices, made up of students at the College, was supported by four soloists, who possessed excellent voices with the musical understanding and feeling to fit them to the mood and technical demand of the oratorio.

The chorus, under the able direction of Charles R. Gardner, did its part exceptionally well in the interpretation of the sacred musical story. The chorus was far more manageable and better balanced that most large bodies of singers. It did not lag, its tone did not sag, and the attacks and releases generally were pure and crisp.

The two low solo voices were a true bass and true contralto, and belonged to David Grosch and Mrs. Raymond Havens, who sang with effectiveness and understanding of the theme. As at the performance on Tuesday night, Mr. Davis, the tenor, proved a favorite, especially in his rendition of "He That Dwelleth in Heaven" and "Thou Shalt Break Them," which he sang with assurance and feeling. Mrs. Allen Taylor, the soprano, interpreted her numbers in the oratoria with fervor and technical command.

The Spring Music Festival at the College this year was perhaps the most successful of any in the history of the annual event. A record number of season tickets was sold and every performance was attended by a large crowd of music lovers from Maryville and vicinity.

The outstanding feature of the festival was, without doubt, the Minneapolis Symphony Orchestra which thrilled two appreciative audiences Monday afternoon and night. Such programs are well worth while and deserve the hearty support of all.

Dr. Coffin to Deliver Address at Parnell

Commencement Exercises Are May 15—Baccalaureate Sermon Sunday Night—Ten Will Be Graduated.

Dr. F. G. Coffin, president of Palmer College, Albany, will deliver the commencement address to the graduating class of the Parnell High School on Friday night, May 15.

At this time ten students of the Parnell High School will be presented with diplomas, signifying completion of four years' high school study. The ten who will be graduated May 15 are:

Bernice Cox, John Kennedy, Clarence Hutchinson, Elva Wilson, Clifford Gabbert, Harry Stutesman, Donold Stutesman, Donald Walts, Leon Hines and Rose Mayfield.

The baccalaureate sermon will be delivered Sunday evening by the Rev. Lymin Focht, pastor of the M. E. Church at Parnell.

The class valedictorian is Bernice Cox and the salutatorian for this year's graduating class is John Kennedy.

WILL PROFIT STOCK OWNERS

TUBERCULIN TESTS BRINGS BETTER PRICES ON MARKETS

PROVISION OF NEW ACT

State Veterinarian May Authorize Tests Upon Petition 70 Per Cent of Cattle Owners

"A new law passed by the last General Assembly that can be profitably put to use by the cattle, hog and sheep raisers of the county is the act for the eradication and control of bovine tuberculosis by inspection" J. Ross Fleetwood, county agent said this morning.

It may take several months or a year before the cattle breeders can organize to take advantage of this law but it will prove of value to them, the county agent said, if they make use of the provisions of the law.

"Tubercular inspected hogs bring 10 cents more on the market, and cattle and sheep having these tests and approved bring higher prices on market and the produce men allow a higher price on the butter fat and cream from tubercular inspected cows," Mr. Fleetwood said. It was his opinion that in time the cattle raisers of Nodaway County would petition for the bovine tubercular tests, which would raise the standard of cattle, hogs and sheep here and bring the feeders more money for their efforts.

The main provisions of the new sections relation to the "state veterinarian" and providing for the payment of his services and his assistants in carrying out the eradication of such infection diseases, and amending chapter 109 of article 9 of the 1919 revised statutes are in substance:

When 70 per cent of the cattle owners of any county have their herds tuberculin tested or when petitions, signed by 70 per cent of such cattle owners, according to last assessment lists of the district, shall be presented to the state veterinarian, requesting that all breeding and dairy cattle and all other cattle yarded, fed or housed in the county, be tested for tuberculosis, the state veterinarian is authorized to make such tests and the expenses be paid out of the appropriation for state veterinary services in controlling contagious and infectious diseases of livestock.

The petition, or petitions from any one county, should be filed with the state veterinarian with an affidavit from the county clerk that the petitions contain the names of not less than 70 per cent of the cattle owners of said county.

If the state veterinarian decides in favor of testing the cattle, upon the petition of 70 per cent of cattle owners, and the date fixed, he and all inspectors and persons authorized by him to assist in the work of applying the tuberculin test, may enter any barns, yards, pastures or buildings for the purpose of making inspection and applying the test.

The state veterinarian shall provide for all the necessary equipment and supplies and the inspectors and make all arrangements for completion of work authorized and expense shall be defrayed from the appropriation, made for such purpose.

The law also provides that no cattle, except steers or female cattle and bulls, branded the letter "F" on the right jaw, kept separately from breeding and dairy cattle, shall be brought into any county after tuberculin test provided for, transported or moved from one part of county to another except in compliance with regulations prescribed by the state veterinarian.

The state veterinarian is empowered to make all reasonable regulations necessary to prevent the re-infection and spread of bovine tuberculosis in tested territory. Whenever tuberculosis testing of bovine cattle in the county actually commence it shall be the duty of the veterinarian to make and enforce such regulation to control and prevent the spread of tuberculosis among animals in the county and for the creation and maintenance of such county as a "modified accredited area," to the end that the county be recognized and adopted by the bureau of animal industry of the United States Department of Agriculture as a "modified accredited area."

Joseph Enis of Clyde was a Maryville visitor yesterday.

Another Development in McClintock Case

Woman Testifying Against Shepherd Is Attacked By Two Men Last Night, She Tells Olsen.

Chicago, May 7.—Possibility of further "sabotage" in the McClintock case was being investigated by police this afternoon following a report of Miss Gladys Roberts, pretty woman detective, who gave evidence against William D. Shepherd, that she had been attacked and beaten last night.

It was Miss Roberts who told the coroner's jury that she heard her one-time employer, John Jones, head of a detective agency, tell Shepherd to "tell one story and stick to it, and you won't get caught."

Today her face is swollen as a result of her last night's experience. She marched into Judge Harry Olsen's office and charged that the attack was a deliberate effort to "close her mouth."

Her assailants, two men, she said, grabbed her as she was returning home, struck her, threw her to the sidewalk and began kicking her. They made no effort to rob her, she said.

ADVISES 3RD SPRAY NOW

IS TO PROTECT FRUIT AGAINST BLOTCH

MIXTURES EXPLAINED

Character of Application Depends Whether Blotch is Present on the Fruit, Says Fleetwood

"Within the next few days the third summer spray should be applied," J. Ross Fleetwood, county agent, said this morning. "It should be applied from ten to fourteen days after the calyx spray (the application made just after the petals fall.) This spray is primarily for the protection of fruit against blotch, scab, black rot, curenlio, and codling moth," the county agent said.

Mr. Fleetwood then explained the mixture to be used, saying that it depends upon whether or not blotch is present. "Where there is evidence of blotch a bordeaux mixture must be used. If not present, lime-sulphur is preferable because it is less likely to cause spray injury at this time of the year," Mr. Fleetwood advises.

He says that the formulae for the mixture should be:

"One and one-quarter gallons lime-sulphur, one pound of dry arsenate of lead to fifty gallons of water.

"For the bordeaux mixture it should contain three pounds of copper sulphate, four pounds of fresh lime or six pounds of hydrated lime, one pound of lead arsenate to fifty gallons of water.

"To make the bordeaux mixture," Mr. Fleetwood says to "dissolve three pounds of copper sulphate (blue vitrol) in a gallon of water, dilute to twenty-five gallons, slake found pounds lump lime or six pounds of hydrated lime, diluted to twenty-five gallons with water, pour the two solutions simultaneously into the spray tank. Then add to the one pound of lead arsenate, made into a thin paste and the solution is ready for use."

Will Demand Germany Be Member of League

France's Reply To Berlin Government Regarding Security Pact will Be Transmitted About May 15.

Paris, May 7.—France's reply to Germany on the subject of a security pact will demand that Germany join the League of Nations, it was said today by a person close to the foreign office. Finance Minister Briand will present to the cabinet Saturday the test of France's reply to the German note, the foreign office announced. The French document will be submitted to the allies for approval and will be forwarded to Germany about May 15.

Missionary to China Visits in Maryville

Dr. John W. Lowe, a missionary from Shantung, China, is in Maryville today visiting his niece, Miss Ruth Ramsbottom, a student at the College and he spoke at a meeting at the College this morning. Dr. Lowe is on furlough and is living at Liberty, Mo.

STANDARD TO GET EVIDENCE

KANSAS CITY ATTORNEY APPOINTED BY COURT.

STATE ALLEGES TRUST

Ouster Suit Against Oil Corporation Started Last Year By Jesse W. Barrett, Former Att'y.-General.

Jefferson City, May 7.—The Missouri Supreme Court today appointed E. M. Tipton, Kansas City attorney, special commissioner to take testimony in the ouster suit of the attorney-general against the Standard Oil Co., of Indiana.

Preceding the appointment of Tipton, the court granted a motion of the Standard Oil Co., for the taking of testimony regarding certain disputed facts.

Robert W. Otto, attorney-general, who is prosecuting the ouster suit started by Jesse W. Barrett, former attorney-general, agreed to the appointment of Tipton in the event the court granted the motion for the taking of testimony.

Evidence obtained last year by Mr. Barrett was before special commissioner Chastain of Butler and was to determine if there were sufficient grounds for the attorney-general to continue the action against the oil company.

The Standard Oil Co., of Indiana is charged with violating certain laws of the state by keeping out competition and maintaining the high price of gasoline. In the hearing last year, officials of other campanies admitted they followed the Standard in the fixing of prices for gasoline.

War Gas Ban Approved by Arms Conference

America's Proposal is Offered to General Committee Meeting at League of Nations

Geneva, May 7—America's proposal to prohibit all commerce of asphyxiating and other deadly war gases was received with approval by the international arms conference today.

It was offered in the general committee meeting of the Congress by Congressman Theodore Burton, chairman of the American delegation.

The military committee began a study of the proposal this afternoon.

"President Coolidge ardently desires the checking of this traffic," Burton told the delegates.

Instnity Defense to Be Warren's Big Hope

Attorneys Tell Jury That Five Members of Family Either Committed Suicide or Showed Weaknesses.

Kansas City, May 7.—Five members of the Warren family either have committed suicide or have shown other signs of insanity, attorneys for Roscoe F. Warren, on trial on a charge of first degree murder in the death of John C. Deskin, told the jury today.

The state rested this morning.

This statement by defense counsel made clear the defense of Warren.

Warren shot and killed Deskin October 13, last at a directors' meeting of the Mutual Rocky Mountain Club, Masonic organization, to which both belonged.

BAKER LAUDS NAT. GUARD

APPEALS TO CITIZENS TO SUPPORT CITIZEN SOLDIERS.

FIRST LINE DEFENSE

Have Envious Achievements in World War—Wants Units 100 Per Cent At Summer Camp.

Jefferson City, May 7.—Declaring that the citizen soldiers of Missouri, the National Guard, have an envious record of service and achievements in the late World War, Governor Sam A. Baker today made an appeal to the citizens of Missouri to give this defense organization their hearty support.

In his special appeal today, Governor Baker pointed out that the National Guard is now part of the first line of defense and, unquestionably, is one of the greatest institutions in the nation, he said, the perplexing problem of an adequate military force, maintained at a minimum rate of taxation.

Governor Baker, in his special appeal today, said in part:

"The National Defense Act of 1920, for the first time in the history of the United States, provides for a constructive, logical and definite plan of preparedness to meet emergencies that require the use of forces other than the ordinary civil police.

"Under the provisions of this Act the National Guard is now a part of the first line of defense, and thereby helps to solve, for the States and Nation, the perplexing problem of an adequate military force for national defense at a minimum rate of taxation. It represents a great decentralized army; is under the control of the sovereign States for local maintenance of law and order, and, if properly maintained, will, with the regular army, be ready for immediate field service whenever a national emergency arises.

"The present scheme, under the National Defense Act, is the first attempt as a result of a careful study of the creation and mobilization of the army for use in France, to formulate a definite plan of co-ordinating all the elements that go to make up an adequate defense system and thereby avoid the costly mistakes and errors of the past.

"The Federal Government supplies all the arms and equipment, even to horses, forage, caretakers, etc.; pays all expenses for camps of instruction; pays the officers and men for armory drills; and supplies, at Federal expense, trained instructors.

"The condition of the National Guard of this state is not up to the requirements of the National Defense Act.

"The citizens of the State are not taking the proper interest in their National Guard units. They are acting more or less, with misunderstanding or indifference, as they did prior to the World War. This general misunderstanding or indifference, in the past, cost untold sums of money, many lives and casualties.

"It is my desire that the citizens of the State of Missouri support our National Guard units; recruit them to peace strength; and, send these units to camp this year 100 per cent strong."

41 This Morning

The temperature this morning was forty-one, according to J. R. Brink, official weather observer. The temperature yesterday morning was thirty-three.

All County Warrants Are Being Protested

A Balance of About $37,000 on Hand Which is Made Up Mostly of Road, School and Township Funds

All county warrants of recent issue are now being protested by the county treasurer, Mrs. Bess Thorp. The only warrants on which payment is being made is of a 1921 road issue, and there are only a few of these out.

The only revenue coming into the county treasury now is from back taxes, and this is rather small. Not until the 1925 taxes will be paid, and collections do not start until November 1, will the county treasurer be able to pay on warrants, so this means that all warrants issued by the county will be protested until this winter. However, they draw 6 per cent, or can be cashed at the banks at a discount.

On May 1, Mrs. Thorp reports a balance in the county funds of $37,229.51 and since then about $600 has been deposited. Most of this $37,229 constitutes road, school, township funds, which will not be apportioned until during the summer. The balances in the salary, contingent, jury, pauper and other funds are not large enough to warrant the county treasurer to pay out on recent issues of warrants. A small balance has to be kept in each fund so that they will not be overdrawn, thus the reason for protesting payment.

Mrs. Maria Bowman, 94 Years Old, Dies Today

Pioneer Resident of Nodaway County —Came Here 73 73 Years Ago.

Mrs. Maria Bowman died at 10:15 o'clock this morning at the home of her daughter, Mrs. Sam Ballenger, at Burlington Junction. She had been in poor health for some time and was confined to her bed for three weeks. Her death was caused by complications.

Mrs. Bowman would have been 94 years old on June 2. She had kept her house and did all of her own work until about one year ago and since that time she made her home with her daughters, Mrs. Cal Suttle and Mrs. Ballenger. Mrs. Bowman came to Nodaway County in 1852 and had lived on a farm near Burlington Junction and about thirty years ago moved to Burlington Junction. Mr. Bowman died about 59 years ago. She was born in Harrison County, Ohio, near Cadiz, and came to Nodaway County when about 12 years old.

Funeral services will be held Sunday at 2:30 o'clock at the Christian Church in Burlington Junction. The services will be conducted by the Rev. R. E. Snodgrass of Maryville, and the Rev. E. N. Garrett of Burlington Junction. Burial will be at Quitman.

Mrs. Bowman is survived by two daughters, twelve grandchildren and twenty-two great grandchildren. One brother, John Hagey of Burlington Junction, survives.

Summoned by Mother's Illness.

Homer Seafers left yesterday for Ottawa, Kan., where he was called by the illness of his mother. Mrs. Isaac Seafers. Mrs. Seafers' condition is critical.

Eastern Star Chapter.

The regular meeting of the Eastern Star Chapter will be held at 8 o'clock tomorrow night at I. O. O. F. Hall.

Mrs. Jackson Hostess.

The Monday Bridge Club was entertained this afternoon at the home of Mrs. Charles S. Jackson on West Third street. The guests included besides club members, Mrs. George L. Wilfley and Mrs. Charles A. Haggard.

Penelope Club.

Eighteen members attended the meeting of the Penelope Club yesterday afternoon at the home of Mrs. U. S. Wright on South Main street. Needlework was the diversion for the afternoon and refreshments were served. Additional guests were Mrs. E. R. Miller, Mrs. Edison Blagg, Mrs. H. E. Wright, Miss Lucile Wright and Miss Marie Wright.

Announce Secret Marriage.

(Hopkins Journal).

After keeping it a secret for more than four months, Mr. and Mrs. Wren Peve this week announce their marriage, the ceremony taking place December 31, 1924 at Grant City, the Rev. Mr. Foster, pastor of the Christian church of that place performing the ceremony, the only witnesses being his family and Floyd Rickard of this city. The bride is the daughter of Mr. and Mrs. Marion Pace of New Market, and is a refined and accomplished young lady, being at present a teacher in the high school of New Market. The groom is a popular young business man of this city, being manager of the Frank Cox Poultry Company and is held in high esteem by his many friends. After Mrs. Peve finishes her term at New Market which will be the 15th day of May, the newly weds will make Hopkins their home.

I. I. Club

Mrs. Eugene Hall entertained the Ireland Industrial Club yesterday afternoon at her home near Wilcox. Roll call responses were suggestive of Mother's Day. The afternoon was spent in needlework for the hostess, after which refreshments were served. The time and place of the next meeting will be announced later. Those present were Mrs. A. E. Fink, Mrs. Harold Snyder, Mrs. Joe Cockayne, Mrs. Ernest McDowell, Mrs. Lon Hughes, Mrs. Clint McDowell, Mrs. B. C. Hall, Mrs. Cecil Grooms and daughter, Marcella, Mrs. Claude Shell and son, S. H., Mrs. Charles Garrett, Mrs. John Griffey, Mrs. Mayme Taylor and daughter, Marie, Mrs. Fred Winnell and daughter, Helen, Mrs. John Wesley Thompson and daughter, Mary Margaret, Mrs. Andy Hoffman of Burlington Junction, mother of the hostess, Rebecca Shell and Harold and Esther Jean Hall.

Wednesday Club Supper.

Members of the Wednesday Bridge Club will entertain their husbands at a buffet supper this evening at the home of Mr. and Mrs. Lauris Eek on Grand avenue. Bridge will be the after-supper feature.

Tea for Visiting Artists.

Dean Edith A. Barnard entertained with an informal 4 o'clock tea yesterday afternoon in the College recreation room, when a number of friends were asked to meet Mrs. Allen Taylor, Mrs. Raymond Havens, Ernest Davis and David Grosch, who appeared on Tuesday and Wednesday night's Music Week programs. Spirea and pink roses were used in decorating. Mrs. Louise B. Hastings poured and assisting in serving were Miss Gene Boyle and Miss Esther McQueen. Out-of-town guests included Mrs. A. S. Martin of Chicago and Mrs. C. C. Dickinson of Clinton, the house guests of Mr. and Mrs. Uel W. Lamkin.

Surprise Mr. Lett.

A group of neighbors and friends surprised Jim Lett last night at his home, south of Pickering, in celebration of his birthday anniversary. Forty-two was played at six tables and after the games refreshments of popcorn and candy were served. Those present were Mr. and Mrs. Lee Birkenholz, Mr. and Mrs. Arthur Wray, Mr. and Mrs. George Hantze and son, Harlen, Mr. and Mrs. Will Morrow and sons, Leland, Leroy and Merlin, Mr. and Mrs. J. R. McClurg, Mr. and Mrs. Tom McClurg, Mr. and Mrs. Vilas McClurg, Mr. and Mrs. I. C. Thompson and daughters, Geneva and Maxine, Misses Della and Nannie McNeal, Neva, Mamie and DeLora McClurg, and Russell Neal, Marvin McNeal, Ivan and Milo McClurg, Mrs. J. C. Lett, Forrest Lett, Roberta and Lucile House of Barnard, Junior Lett and the honor guest.

Social Hour Club.

A Mother's Day program was given at the meeting of the Social Hour Club yesterday afternoon when Mrs. James Hanna and Mrs. Leslie Hanna were hostesses. In response to roll call the members gave a quotation or verse pertaining to Mother. Musical numbers were given by Mrs. R. T. Spurgeon, Mrs. Denver Loch and Miss Helen Strong. At the close of the program the members participated in a hunt for a concealed package which was found by the hostess and on each plate were six large American Beauty papier-mache roses. Guests of the club were Mrs. Alex Swaney and son, Donald Dean, Mrs. Champ Rice and son, Donnis, and Miss Eldena Runnels. Members in attendance were Mrs. Floyd Fakes and daughter, Dorothy Jean, Mrs. E. O. Gray, Mrs. Robert Gumm, Mrs. Edgar Houston, Mrs. Denver Loch and daughter, Amy Arcile, Mrs. Roy McMullin, Mrs. M. T. Morris, Mrs. George Porterfield, Mrs. W. P. Scott, Mrs. W. A. Spangler, Mrs. Omer Strong, Miss Helen Strong, Miss Edith Spangler, Miss Lesta Spangler and the hostesses. The club will meet May 20 with Mrs. Edgar Houston.

Berean Circle

The Berean Circle of the Christian Church held its monthly meeting yesterday afternoon at the home of Mrs. Gorman Powers on North Buchanan street. The assisting hostesses were Mrs. Carl Murray, Mrs. E. W. Glenn, Mrs. Frank Hall and Mrs. George Kirchhofer. The meeting opened with singing of "Higher Ground." Mrs. D. A. Appleby, who was the devotional leader, read the sixty-fourth Psalm. Committees were appointed for the next three months. The hostesses served refreshments at the close of the afternoon. Members in attendance were Mrs. Banner Brummett, Mrs. Claude Stults, Mrs. G. K. Arney, Mrs. E. W. Glenn, Mrs. George Kirchhofer, Mrs. Frank Hall, Mrs. Arch Willhoyte and daughter, Mrs. James Hantze, Mrs. P. R. Moore, Mrs. T. J. Williams, Mrs. Ira Neal, Mrs. Hugh Strong, Mrs. Harry Lyle, Mrs. D. A. Appleby, and Mrs. James Arnett and daughter, Nettie Marie.

Miss Davison To Kentucky.

Miss Margaret Davison, county health nurse, left this morning for Louisville, Ky. She will go through Illinois and get her father on the way. Mrs. Ray Kelley and two children accampanied her as far as Cape Girardeau.

Character

Character in a shoe, like character in people, springs from within. Inherent goodness that distinguishes the true from the false—that stands the test of time—lies deeper than the surface.

When you look at our Julian & Kokenge Shoes you will be delighted with their beauty and style. But try them on, walk in them. You will then realize that their outward appearance is but the true reflection of their greater virtues of wondrous ease and arch control.

Whatever your requirements, you will find a size to fit and a vogue to please. Julian & Kokenge Shoes are truly made for every woman, of every age, in every walk of life.

SOCIETY and Club

L. V. and S. R. Club.

The L. V. and S. R. Club was entertained yesterday afternoon at the home of Mrs. John Sexson. The afternoon was spent in piecing quilt blocks and a Mother's Day program was given. Roll call was answered by Bible verses containing word Mother. Members in attendance were Mrs. Will Ritter, Mrs. Ralph Riley, Mrs. Della Carmichael and children, William, Helen and Mabel, Mrs. Riley Carmichael, Mrs. Enos Pence, Mrs. Ed Rickard and children, Beatrice and Cloice, and Mrs. Harry Zook. The guests were Mrs. Martin Piel and daughter, Maxine, Mrs. Harley Cassel and daughter, Frances, Mrs. Floyd Chambers and son, Billy Martin, Opal Riley and Kenneth Sexson. Mrs. Della Carmichael will entertain the club June 3.

Lasher Community Club.

Mrs. Joe Everhart was hostess at an afternoon meeting of the Lasher Community Club yesterday. A short business session was held. Several piano selections were given by Mrs. Frank Mathews of Volcan, Panama, daughter of the hostess. Assisted by Mrs. Ernest Stafford and Mrs. Earl Ingram, the hostess served refreshments of sandwiches, pickles, fruit salad, angel food cake, wafers and coffee. The members present were Mrs. Fred Ager, Mrs. Jake Seutterlin, Mrs. George Masters, Mrs. Helen Strauch, Mrs. Byron Masters, Mrs. Henry Finn, Mrs. Ralph Peters, Mrs. John Stelter, Mrs. Lewis Stelter, Mrs. O. L. Job, Mrs. Dan O'Grady and Mrs. William Job, Jr. Additional guests were Mr. and Mrs. Mathews, Mrs. Ernest Stafford, Mrs. Earl Ingram, Mrs. Jerry Fisher, Mrs. Dennis Wallace and Mrs. Charles Carmichael. The club will meet May 20 with Mrs. William Job, Jr.

Mowry W. W. W. Club.

A social meeting of the Mowry W. W. W. Club was held yesterday afternoon at the home of Mrs. Orlen Kelley near Pickering. Music was a feature of the afternoon's entertainment. Mrs. Denver McGinness and Mrs. Will Hewitt were received as new members. Refreshments were served by the hostess, assisted by Mrs. Byron Hanna. Guests at the meeting were Mrs. Hanna, Mrs. Joseph Lamport, Mrs. Albert Hinton and Miss Wanda Hinton. Members and children present were Mrs. Charles Hinton, Mrs. Walter Runnels, Mrs. Robert Rice, Mrs. Will Berkey, Mrs. Dennis McGinness, Mrs. Shan McGuire, Mrs. Stewart Robinson, Mrs. James Clayton, Mrs. Denver McGinness, Mrs. Will Hewitt, Doris Clayton, Jimmie Berkey, Lillian and Robert Runnels, Willetta, Sarah Ruth and Clayton Kelley. The next meeting will be held May 20 at the home of Mrs. Irvin Loch. The semi-annual election of officers will be held and membership dues will be paid.

Victorian Society Party.

The Victorian Literary Society of the Maryville High School will give a party tonight in the music room at the high school when the guests will be the faculty and eighth grade girls. In the receiving line will be the officers, Miss Beverly Martin, Miss Virginia Wright and Miss Charmion Murray. Progressive games will be the entertaining feature. Refreshments will be in the society colors of yellow and white and the favors will be booklets, hand decorated with the society flower and colors.

Wilcox Church to Have Special Service

The Methodist Church in Wilcox will observe Mother's Day Sunday. At the usual Sunday School hour the pastor, the Rev. C. H. Werner, will give a Mother's Day sermon. There will be special music.

After the morning service dinner will be served in the church basement Everybody is invited, especially the mothers.

Neill Sells Steers For $10.40 at St. Joe

John Neill of Nodaway County yesterday sold a load of Hereford steers of the yearling class on the St. Joseph market at $10.40. The thirty head averaged 874 pounds.

Beatty & Son and John Schuemaker, well known farmers and feeders of this county contributed to yesterday's market offerings at St. Joseph cattle and hogs.—St. Joseph Stock Yards Journal.

Huge Clock Falls and Five are Hurt

New York, May 7—Five persons were known to be hurt today when a large clock being removed from the top of the Garfield building in Brooklyn crashed seven stories to the ground showering bricks and other debris on passers-by. The clock snapped loose from the cable on which it was to be lowered to the ground.

Mrs. J. E. Thomson and daughter, Olive Ann, of Craig are visiting at the home of Mrs. Alma Braun and family on North Fillmore street. They have been attending the Music Week programs.

Blanchard Men Buy Hopkins Store

(Hopkins Journal)

The store of the Wolfers Mercantile Company of Hopkins has passed into the hands of two brothers, R. W. and William Sirles, of Blanchard, Iowa, who are now in charge of same.

The firm is to be known as the Sirles Mercantile Co., and a general stock, including clothing as well as groceries, will be carried.

The new proprietors are young married men and are coming here to make it their permanent home. The two families will occupy the Clyde Melvin property until another suitable property can be secured. The stock of the general store they have been conducting at Blanchard will be consolidated with the stock here and a big line of new goods will also be added. The wives of the brothers will assist in the store as will also Mrs. Irg Burch and other clerks will be added as needed. Harry Shinabargar beginning work there this week.

These men come to Hopkins highly recommended as citizens and business men and will no doubt conduct a store that will be a credit to the town as well as themselves. If everybody will buy at home instead of sending their money to mail order firms, Hopkins can be made a much better town and in helping your town, you are helping yourself for property in and farms near dead towns are always at a discount.

We are glad to welcome these two families to our town and to the business circles of the city. We hope they will never have cause to regret coming and feel sure they never will for the rule is, the longer you are here, the better you like the town and its people.

Mrs. Heifner to Columbia.

Mrs. J. J. Heifner left this morning for Columbia where she will visit her daughters, Mrs. D. L. Gribble, and family, and Miss Mary Heifner. Mrs. Heifner will also visit relatives in Macon before returning to Maryville in two months.

Renewed Drive on Rum Row Is Started

Final Contingent Of United States "Dry Navy" Begins Offensive On Liquor Ships—Prices Increased.

New York, May 7.—Eleven more coast guard speed boats and four revenue cutters, the final contingent of the United States "dry navy" left the base at Clifton, Staten Island, today and headed for the rum fleet.

Rum ships were reported in retreat before the advance of the "dry navy."

Liquor prices have risen since the beginning of the latest offensive by the government in the confiscation of contraband liquor.

Air Service Head Is in Forced Landing

Major-General Patrick Escapes Injury When Airplane Descends at Tennessee Field—Not Damaged

Nashville, Tenn., May 7.—Maj.-Gen. Mason M. Patrick, chief of the United States army air service, made a forced landing at Johnsonville, Tenn., late last night and took off at 7:15 o'clock this morning for Nashville, according to reports received here.

Reports said that neither Patrick or his pilot was hurt. The ship was not damaged.

Plot to Assassinate Danish Cabinet Oficers

Two Men Arrested In Copenhagen—Plan To Destroy Buildings, According To Dispatch.

London, May 7.—A plot to assassinate members of the Danish cabinet and destroy public buildings in Copenhagen was reported to the police by the soviet embassy, and two men were arrested, a Central News dispatch from Copenhagen said today.

Mayor Garrett Improved.

The condition of Mayor W. O. Garrett, who was taken seriously ill night before last, was reported this noon as improved over yesterday. He was confined to his bed yesterday and today and physicians have recommended that he remain away from the city hall for a few days.

Peace and Harmony Club Holds a Debate

A debate on the subject, "Resolved, that Women Have a Right to Hold Same Offices as Men," held by the Peace and Harmony Club of the Martha Washington School Tuesday night was decided in favor of the affirmative team at the school house.

Miss Laura Belt and Miss Edna Sturm argued the winning side of the question while David Belt and Frank Sturm upheld the negative. The judges were Mrs. Theo Palmer, D. O. Belt and Mrs. William Sturm.

A lunch was served after the debate.

Postal Receipts Show Big Increase in April

Indication of Improved Business Conditions In Study of Receipts At Various Offices.

Washington, May 7.—An indication of improved business conditions throughout the country is shown in the postal receipts of fifty leading cities, amounting to $29,083,231 in April, as compared with $26,918,448 in April, 1924, an increase of $2,164,782 or 8 4-10 per cent, the postoffice department announced today.

Dayton, Ohio, led all other cities in the volume of increase. The receipts in April amounted to $184,168, an increase of 29.57-100 per cent.

MedsKer's Yearlings Sell at Top, $10.50

H. S. Medsker of Nodaway County was on the St. Joseph market yesterday with a load of mixed yearlings that sold at the top in their class, $10.50. The consignment consisted of twenty-four steers and heifers that averaged 750 pounds.

The offerings were Shorthorns, all of Mr. Medsker's own raising. They were fed on a ration of corn, cottonseed cake and clover hay. Mr. Medsker says quite a little corn has been planted in Nodaway County but that the recent cold snap has slowed up planting. Pastures generally are in good shape and small grains look weak, Mr. Medsker reports.—St. Joseph Stock Yards Journal.

Fisher Guests to Colorado.

Mrs. E. G. Loar and children of Charleston, W. Va., who have been visiting Mrs. Loar's parents, Mr. and Mrs. O. P. Fisher, will leave tonight for Wray, Colo., where they will visit relatives. They will stop in Maryville for a longer visit on the way home.

WOMAN SO ILL WASHED DISHES SITTING DOWN

Mrs. Ashcroft's Remarkable Recovery After Taking Lydia E. Pinkham's Vegetable Compound

Covington, Ky.—"I was so weak and nervous I could hardly do my housework as I could not stand

because of the bearing-down pains in my back and abdomen. I sat down most of the time and did what I could do in that way—as washing dishes, etc. One day a book describing Lydia E. Pinkham's medicines was put in my mail-box. I saw how the Vegetable Compound had helped others so I gave it a trial. I had to take about a dozen bottles before I gained my strength but I certainly praise this medicine. Then I took Lydia E. Pinkham's Blood medicine for poor blood. I was cold all the time. I would be so cold I could hardly sit still and in the palms of my hands there would be drops of sweat. I also used the Sanative Wash and I recommend it also. You may publish this letter and I will gladly answer letters from women and advise my neighbors about these medicines."—Mrs. HARRY ASHCROFT, 632 Beech Avenue, Covington, Kentucky.

OPERATION AVOIDED

MRS. ROBERT CUMMINS

"For a long time and until about one year ago I was rundown in health and almost constantly sick," said Mrs. Robert Cummins of 119 W. 6th St., Sioux City, Iowa. "I felt so weak and tired-out most of the time I was not able to do my housework. The doctors said it was a feminine ailment and that an operation was my only chance. But before I consented to that, a lady told me Dr. Pierce's Favorite Prescription had cured her and then I decided to try it. Although I was tired of medicines, I took several bottles of the 'Prescription' and it made me stout and well, cured me completely. The first bottle helped me wonderfully."

Health brings beauty. Do not fail to take Dr. Pierce's Favorite Prescription in liquid or tablets. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg., and write for free advice.

To Observe Mothers' Day at Elmo Church

(By Edgar O. Wells, Minister)

The coming of Dr. Burris was both a joy and a disappointment, a joy in that both his lecture on Saturday night and his sermon on Sunday morning brought joy unto us, but the fact that he will go at the close of next week to his new appointment at Marionville, where he will be the superintendent of our Old Peoples Home, brought sadness, and yet the remembrance that we shall see him about once a year at our annual conference, will after all, cheer us along life's dusty highway.

Next Sunday will be Mother's Day, and we are looking forward to a day of great expectations. Wilfred Bain will give us a violin solo, and the church will be appropriately decorated, and the theme of the sermon will be "The Making of a Mother." If your mother is living, wear a red flower, and if dead a white one. A general invitation is extended to all, and mothers will occupy the place of honor.

On account of the class sermon at the Methodist Church South, our church will be dark at night. The theme of the sermon will be, "Our Youth a National Asset."

Miss Elizabeth Ashford of St. Joseph was in Maryville yesterday on business.

Figures in New Spotlight

Above: FORMER KAISER WILHELM & PRINCESS HERMINE
Below: BARON VON MALTZAN & ADMIRAL S. P. ROBISON

Former Kaiser Wilhelm and his consort, Princess Hermine, are declared contemplating return to Germany as the result of Field Marshal Paul von Hindenburg's election to the presidency, a royalist victory. Baron Ago von Maltzan, German Ambassador to the United States, speaking at a luncheon given in his honor by the Bankers' Club in New York, declared Germany will pay her debts regardless of political changes. Admiral S. S. Robison's "Blue" fleet achieved victory over the "Black" forces, which are guarding the Pearl Harbor fortifications in the Hawaiian Islands.

SPECIAL SERVICE.

The Democrat-Forum is still maintaining its special carrier service after 7:30 o'clock each evening.

If at any time your regular carrier fails to leave your copy of the Daily Democrat-Forum and Tribune, please call this office between 7 and 7:30 o'clock. A carrier boy will be on duty at this office and will take your name and address, and at 7:30 o'clock he will start out on the special delivery. There is no extra charge for this additional service, for we want every subscriber to get the paper every night.

On account of the consolidation, it will be a few days before the carrier boys can get their routes straightened out and all the papers delivered to the proper parties. In the meantime, we ask that the subscribers be tolerant as mistakes will occur within the next day or two.

However, when you fail to get your paper, please phone this office between 7 and 7:30 o'clock and a copy will be delivered to you.

Mr. and Mrs. Everett Iddings and family, Mrs. Paddy Iddings, and Mr. and Mrs. Jess Roberts and family, all of Skidmore, were Maryville visitors today.

Skinny Men

Gain 5 Pounds in 30 Days or Get Your Money Back.

Doctors and good pharmacists know that Cod Liver Oil is full of vitamines that make flesh, create appetite, builds up the power to resist disease and puts good solid flesh on skinny men and women.

But it's horrible tasting stuff and every day fewer people are taking it, for doctors are prescribing and people are fast learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets, which Maryville Drug Co., Gaugh & Evans, and druggists all over the country are having a tremendous demand for.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days, your druggists will gladly refund the purchase price.

Be sure and get McCoy's, the original and genuine Cod Liver Oil Compound Tablets—60 tablets—60 cents.

Announce Birth of Daughter.

Mr. and Mrs. William Honer of Maryville received word today of the birth of a daughter in the home of their son and daughter-in-law, Mr. and Mrs. Joseph Honer of Denton, Kan., on May 3. Mr. and Mrs. Honer moved to Denton from Maryville March 1. Mrs. Houre was formerly Miss Marie Jenkins of Robinson, Kan.

NUXATED IRON

Millions of people are using Nuxated Iron for strength and health.

It will not injure the teeth or disturb the stomach. A few doses will often commence to enrich your blood and revitalize your worn out, exhausted nerves. Your money will be refunded by the manufacturers if you do not obtain satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. At all druggists in tablet form only.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing, be sure and mention this paper.

Observe Mothers Day at Rockford Church

Special Services are Arranged During Sunday Schol Hour—To Be at 10:30 a. m. Sunday.

Mother's Day will be observed by the Rockford Sunday School at 10:30 o'clock Sunday morning. In addition to the regular Sunday School services the following program will be given:

Exercise, "That's Mother," Nina Kime.

Recitation, "The Very Best Mother," primary class.

Recitation, "The Reason Why," Clark Edwin McDowell.

Exercise, "I Know Someone," Chester Kime and Junior Reaksecker.

Recitation, "One Who Fills Every Need," Eugene Moore.

"Honoring Mother, Hour by Hour," primary and junior classes.

Recitation, "My Mother," Alice irene Reaksecker.

Exercise, "Which Way Was Best," Geraldine and Marceline Wylie.

Recitation, "To My Mother," Josephine Ager.

"The Spirit of Seeing," graded classes.

Recitation, "To Muvvers," Marjorie Partridge.

Planes Bring Food to FRENCH TROOPS TODAY

Soldiers In Morocco Hemmed in by Riffian Forces Were Facing Death From Thirst.

Paris, May 7.—Hemmed in by Riffian forces and facing slow death from thirst, French soldiers in isolated block houses took on a new lease of life today when military combatants threw over the block houses and from airplanes dropped cakes of ice to provide the men with a supply of drinking water, a statement given out by the French foreign office said.

CATARRH of head or throat is usually benefited by the vapors of—

PAVING RESOLUTION NO. A 20.

A resolution for grading, paving, curbing and otherwise improving Fillmore street, from the north line of fourth street to a point seven and one-half feet south of the north line of Eighth street, also called North street, except existing paving at Seventh street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, pave, curb and otherwise improve the roadway of the following street, in the City of Maryville, Missouri:

Fillmore Street, from the north line of Fourth Street to a point seven and one-half feet south of the north line of Eighth Street, also called North Street, except existing paving at Seventh Street.

Including the street and alley returns to a distance of three feet from face of curb, with the following width of roadway from face of curb to face of curb; 23 feet 11 inches in width.

SECTION 2. That the said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1012 of the City of Maryville, Missouri, by cuts and fills and by excavation sufficient to provide for the aforesaid paving, as shown by profiles of said street now on file in the office of the city clerk.

Said paving shall consist of 7-inch re-enforced concrete paving laid on a well rolled sub-grade.

The curb shall consist of an integral curb, constructed of concrete. The curb to be 5 inches wide at top, and 6 inches at bottom, and an average depth of 13 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles therefor now on file in the office of the city clerk.

SECTION 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said streets to the established grade shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvement abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 percent per annum after 30 days shall be issued to the contractor for payment of said work.

SECTION 4. This resolution shall be published for seven consecutive insertions in the Democrat-Forum, a daily newspaper published in said city.

Passed and approved this 1st day of May, 1925.

W. O. GARRETT, Mayor.
Attest: MERLE COOPER SMITH, City Clerk.

GET AT THE CAUSE!

The Advice of a Resident of This Locality Shows a Way.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Maryville people. Profit by this Stanberry resident's experience:

G. G. Napier, Second St., Stanberry, Mo., says: "My kidneys acted irregularly and the secretions were highly colored and contained a brick-dust sediment. A friend advised me to try Doan's Pills and a few boxes soon regulated my kidneys and removed all the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Napier had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Labor Head Takes Up War on Red Regime

New President of American Federation Carries on Battle Waged by Late Samuel Gompers.

Washington, May 7.The banner of bitter opposition that the late Sampel Gompers hoisted against soviet Russia and on its work will be caried forward by his successor, William Green, as president of the American Federation of Labor, it was announced today.

The present Russian government, Green asserted, is detrimental to the best interests, welfare and property of the workers throughout the world, and he urged federationists particularly to militantly oppose any encroachment of communistic influence in the federation.

The action of President Calles of Mexico in notifying Russia that his government will not tolerate any interference in its internal affairs and will not allow the communists to use Mexico as a base for "communizing the Americas," called forth Green's reaffirmation of Gompers' policy.

"There can be nothing but great appreciation everywhere in labor's ranks for President Calles' vigorous action," Green said.

Students on Strike Against Army Drill

Twelve Hundred Negroes at Howard University March Behind College Band and Shot Defiance.

Washington, May 7.—Twelve hundred students at Howard University went on strike this afternoon protesting against compulsory military training. Howard is one of America's leading educational institutions for negro students.

Behind the College band, the students paraded around the campus, shouting, "We won't drill."

Among out-of-town visitors today were Gordon Swinford, Pickering; Mrs. J. G. House and daughter, Celeste, Burlington Junction; Mr. and Mrs. Isaac Barton and James McKee and daughters, Ravenwood; Mrs. George Davis and son, Graham; Mr. and Mrs. Robert Linville and Jess Robertson, Skidmore; George Larison, Bedford, Ia.; J. W. Chamberlain, Bolckow; Mr. and Mrs. Phil Growney, Conception Junction; and Mr. and Mrs. John Allen, Albany.

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., BA-76, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

A full range of vision with our glasses that restore your sight to normal.

Pioneer School Wins Harmony Track Meet

Fourth Annual Grade Meet of the Harmony Consolidated School Successfully Handled on Tuesday.

Pioneer school of the Harmony Consolidated district walked off with the Fourth Annual Harmony track and field meet held Tuesday at the high school grounds there with a total of 62 points. Champaign was second with 18 points and Excelsior was a close third with 16 points.

Edwin Garrett of the Common Sense ward school was high-point man, garnering 9 points and he was followed closely by Thelma Green with 8 points.

Of the new contests adding considerable interest was the Pony Potato race. In the tug-of-war contest Pioneer took the honors and Excelsior and Champaign were second and third respectively, after a deadlock.

The grade school meet of the Harmony district has grown in such proportions since it was started four years ago that it is planned to make this an all day affair next year.

The attendance Tuesday was the largest of any year and a great deal of interest was manifest in all of the tests. All the events on the schedule were run off creditably under the management of Ralph Eck, official starter and scorer, assisted by the students of the High School. The High School students also contributed to the success of the event by selling candy, pop and sandwiches at separate booths.

Indian Boy Is a Unique Figure at High School Meet

(Columbia Missouri).

The American Indian is a great athlete. Now and again one steps out of the forests to go to college and demonstrate his ability. Such men were Jim Thorpe, hero of the Belgian Olympics, and John Levi of Haskell. They were born with sporting blood and a love of sport.

Here is the story of a high-school boy, without a word of coaching in his life who is also a great athlete. At Saturday's Interscholastic Meet on Rollins Field he was the focus of attention.

J. Joy, a Cherokee, is the "one man track team" of Ravenwood High School. All the coaching he ever had he got of books. He read an article by Harold Osborne in the American Boy last summer and bettered his high jump 4 inches. He competes in eight events and does all of them well. In the field events he competes barefoot.

Joy tumbles to keep in trim. He does the back-flip before he wins the pole-vault, and cartwheels before he captures the hurdles. When he isn't competing, he's limbering up. A demon on the track, he is as timid a boy as you will meet. He just doesn't like to talk about himself.

Ravenwood High School is a consolidated school with a little over fifty students. "I'd like to play football," said Joy, "but we haven't enough to make a team."

At Columbia he competed in four events and was one of the high-point men of the class. At Maryville, earlier in the spring, he competed in seven and placed Ravenwood well up toward the head of the list.

Business men of the town got up a subscription of $30 to send him here. They are proud of his record.

He never likes to be told the height of the bar in the pole-vault or high jump. He does the best he can and his results speak for themselves. He is a junior in high school.

His unofficial records are impressive:

440-yard run—54 4-5 seconds.
Pole vault—11 feet 4½ inches.
High jump—5 feet, 9 3-4 inches.
Broad jump—19 feet 6 inches.
High hurdles—16½ seconds.
Low hurdles—27 2-5 seconds.
Half-mile run—2 minutes 10 seconds.
Ten mile run—1 hour.

T. Cobb Adds to His Batting Laurels

St. Louis, May 7.—Tyrus Raymond Cobb added to his batting laurels by hitting two home runs in the game yesterday thereby establishing a modern major league baseball record of five circuit clouts in two consecutive games. The Tigers won the game 11 to 4.

The first homer today came in the fifth inning and was made off Danforth with one runner on base. The second was hit off Faik. It came in the ninth with two on.

The record has stood since 1884 when A. C. Anson hit five homers in two games. The modern record of four was held by "Babe" Ruth of the Yanks, Ken Williams of the Browns and Charles Walker of the Athletics.

Cobb's string of consecutive hits ended with nine when he flied out in the third inning. The string included six hits with three home runs yesterady. The veteran manager singled the first time up.

Harry Greb Wins Over Britton by Decision

Columbus, May 7.—Harry Greb of Pittsburgh, world's middle weight champion, won the judges' decision over Billy Britton, Columbus, Kans., in twelve rounds here last night. Greb weighed in at 168 and Britton at 165. The champion took all twelve rounds easily.

Pat McGill Loses to Pesek in Two Falls

Loser, Who Has Wrestled Here, Secured Larger Number of Holds But Pesek Had Plenty Reserve.

John Pesek threw Pat McGill, both heavyweight wrestlers, in Convertion Hall, Kansas City last night, in two straight falls. The winner took the first fall in 42 minutes 45 seconds with a double wrist lock and secured the second fall in 9 minutes 50 seconds with a head scissors and bar arm lock.

McGill was the favorite with the crowd and secured the larger number of holds but Pesek had enough in reserve to throw his opponent.

The feature of the card there was the three fall match between Lou Talaber and Joe Parelli, middleweights. Talaber after losing the first fall, getting into a headlock in 19 minutes and ten seconds, won the next two falls in 9:20 and 5:10.

Eustace lost to Schikat in the preliminary, the German being awarded the match on a foul, when Eustace swung a right to Schikat's chin at the end of 40 minutes and 30 seconds. This wrestling show was the last on the schedule in Kansas City this season.

Teachers and Tarks in a Dual Meet Tomorrow

The annual dual track and field meet between the Bearcats of the local State Teachers' College and Tarkio College will be staged on the College field tomorrow afternoon.

PARNELL SENIORS WILL PRESENT 'CITY SELLER'

Three Act Comedy Will Be Given at Parnell Opera House On Friday and Saturday.

A three act comedy, "City Seller" will be presented by the senior class of the Parnell High School at the opera house, Friday and Saturday this week. The personnel of the cast:

Donald Stutesman, Rose Mayfield, Elva Wilson, John Kennedy, Bernice Cox, Harry Stutesman, Clifford Gabbert, Clarence Hutchinson, Donald Walts and Leon Hines.

The High School orchestra will furnish several selections between acts.

Graduates from Noyes Hospital.

Mrs. Maude May Johnson of Maryville is a member of the graduating class of Noyes Hospital for Nurses in St. Joseph. The annual graduating exercises will be held at 8 o'clock tonight at the First Christian Church.

Mr. and Mrs. Will House of Denver, Mo., are visiting their daughter, Miss Ruth House, a student at the College.

DAILY DEMOCRAT-FORUM
AND MARYVILLE TRIBUNE

VOLUME 15. MARYVILLE, MISSOURI, THURSDAY, MAY 7, 1925. NO. 288

Changes Are Made In State Aid To Consolidated Schools

Leslie G. Somerville, county superintendent of schools, has received a communication from Charles A. Lee, state superintendent, stating that the Buford Consolidation School Law was amended by the last General Assembly so that the consolidated district may include any city, town or village not to exceed 500 children of school age. Another section was amended so that state aid will not be granted on the basis of area but upon the basis of children in average daily attendance.

Heretofore the consolidated districts have received state aid on the basis of $25 per square mile. The law goes into effect July 10, 1925.

The provisions of the amended law:

All consolidated districts formed must have an area of fifty square miles or has an enumeration of at least 200 children of school age. It is provided, however, that no district formed under the act shall include within its territory any town or city district that at the time of formation has enumeration of 500 children of school age.

When any district votes $1 on the $100 assessed valuation for teachers' and incidental purposes and the proceeds of the tax, together with the estimated amount from the county, township and state funds and cash on hand amount to less than $50 for each pupil in average daily attendance during the previous year, for teachers and incidental expenses, the state superintendent shall, before apportioning the public school fund, set aside and apportion to such districts a sum sufficient to enable the district to expend $50 a year for each child in average daily attendance.

It is provided that in case any consolidated district votes a 65 cent levy for teachers' and incidental purposes and the proceeds with the cash on hand and estimated income from the county, township and state fund is less than $40 for each pupil in average daily attendance, for teachers and incidental expenses, the state superintendent shall set aside and apportion to each such district a sum sufficient to enable the district to expend $40 a year per child in daily attendance.

Provided, however, the district maintains an approved high school of at least the third class and gives an approved course of at least one year in agriculture.

Such aid granted under this section shall be in lieu of all other forms of state aid except for teachers'-training and vocational education. The incidental expenses shall include only the general incidental expenses of the district. Aid will not be granted for extensive repair work or for the remodeling of buildings. State aid granted to consolidated districts during 1924 will be based upon the provisions of this law. The average daily attendance for the first apportionment of school funds to any consolidated district receiving state aid shall be computed:

As soon as said district is formed the enumeration shall be taken and the average daily attendance for the preceding year shall be found by multiplying the enumeration of the district by the ratio obtained by dividing the average daily attendance for the entire state by the total enumeration of the state.

Harmony

Church Notes.

Church services were well attended Sunday morning, 80 being present at Sunday School. The Superintendent, B. K. Lewis made a strong appeal for a renewal of interest in Sunday school.

The pastor preached from the thought of the incident of Paul's sermon to the Athenians and asked for a stronger devotion to the church and its interests.

The regular services were held in the evening.

The Ladies Aid will have a meeting at the church next Wednesday afternoon.

Rev. J. C. Nutt of Des Moines will hold the 3rd Quarterly conferences next Friday evening remaining over for the Sunday services and preaching Saturday evening and a special sermon to "Mothers" at the morning hour Sunday. The morning hour service will be given up to the observance of Mothers' Day. The pastor made a special plea that all reports due the quarterly conference, be made Friday evening.

The observance of Children's Day by the Sunday School in the near future was discussed by the Superintendent Sunday morning.

Another set of books from the Library Commission is expected soon.

School Notes.

Our school play "Billy," a three act comedy was given to a good house last Friday evening, and was rated as one of the best we have ever given. This is the third play given during this school year. Our receipts were slightly over $50.00 dollars. Perry Soft as "Billy" received the medal for excellence in acting, with Crystal Young second, and Mildred Fanning third.

Friday was clean up day in the High School Building and grounds.

At a meeting of the board last Monday sets of reference works were purchased for all the ward schools, thus putting us in line in this important essential.

The new "International Reference Book," a 10 volume work, was selected. With its 10 year extension series it is one of the best sets of reference works for intermediate schools on the market. This will decidedly strengthen our grade schools.

Notice the color in our new window boxes.

At the play "Billy" given last Friday evening, the specialities between acts were taken care of by Miss Horton who gave a pianolog in typical "Rube" costume, and by two friends of Miss Horton, who are students in the De Kalb high school, Miss Myrtle Frakes, and Roy Martin. They gave several songs and skits and were obliged to respond to repeated encores. They returned to their home in De Kalb with Miss Horton Saturday morning.

Lloyd Conrad, who was a freshman in our classes last year, was over from Pickering to attend our play last Friday evening.

Tennis continues to be the central attraction on the playground.

Personals.

Mrs. Theodore Logan was called to Maryville Friday of last week to be in attendance on her sister Mrs. Lester David who is very ill with pneumonia.

Miss Pearl Woodburn went to St. Joseph last Wednesday. She will visit friends there and secure employment if possible.

B. K. Lewis and R. V. McKee made a trip to the west part of the county near Quitman Saturday afternoon in search of seed corn.

Bard Flanary was in Maryville late Saturday afternoon.

Mrs. Ben Jones and daughter Pauline of Parnell, attended the play Friday evening.

Mrs. Ford was in Maryville last Wednesday evening.

G. H. Null was transacting business in Ravenwood late Saturday afternoon.

Mr. and Mrs. B. S. Cox attended the musical program at the S. T. C. college last Friday evening.

Miss Dorris McKee and Miss Leatha Lawson spent Saturday and Sunday with home folks.

The severe frost of Saturday morning was a set back on the early garden.

Good track now in most any direction you may wish to go.

Mrs. Lester David of Ravenwood who died in the Maryville hospital was buried Sunday afternoon at Ravenwood cemetery.

Mrs. Bessie Coffelt is taking care of the little infant son left motherless by this sad death.

R. V. McKee and family attended the musical evening at the College last Sunday.

Miss Horton spent the week end with home folks at De Kalb.

Mrs. Ford was transacting business in Maryville late Monday afternoon. Miss Ogle McKee accompanied her.

MOTHER POWER
or
ELECTRIC POWER?

FATHER wouldn't run his shop or factory machinery with an ancient treadmill. For efficiency's sake he uses modern mechanical power.

Yet father's housekeeping may still be done by the wasteful, backbreaking methods in vogue in 1800. Mother may beat the rugs, sweat over a cookstove and drudge over a washboard.

Business efficiency saves father dollars and cents. Home efficiency would save years of mother's life.

Let us install mother-saving efficiency equipment in your home. Electric power is cheaper than mother power.

Maryville Electric Light & Power Co.

Industry Is Built On Your Savings

You, the bank depositors, run the world's business.

Without your regular investments—your regular savings—business enterprises could not flourish as they do today.

Your bank—the Real Estate Bank extends loans to manufacturers who can safely use loans—it informs them of mrket conditions—it advises them of the trend of business—it serves business men everywhere.

Men are kept at work—the industry is helped to greater success.

Deposit your savings in the Real Estate Bank and help your town and industry grow.

Woman Bootlegger Freed

MRS. MARY STOROLIOS

A collection taken up by the Sunday School class of the Riverton, N. J., Methodist Church, enabled Mrs. Mary Storolios, of Mount Holly, N. J., to leave the Burlington County Jail after serving 174 days for possessing two gallons of liquor. She had been sentenced to pay a $350 fine at the rate of a dollar a day, despite her claim that she bootlegged to support her children (also shown) and a sick husband.

Above: WINSTON CHURCHILL & SAMUEL UNTERMEYER
Below: SENATOR G. H. MOSES & BRIG. GEN. J. E. FECHET

Winston Churchill, Chancellor of the Exchequer, announced Great Britain would return to the gold standard immediately and payment of $166,000,000 would be made on its debt to the United States. Samuel Untermyer, noted lawyer, in a speech at a New York banquet, assailed Professor Philip Marshall Brown, of Princeton University, for his attack on the Jews as lacking patriotism. Senator Moses, Republican, of New Hampshire, president pro tem of the Senate, declared Vice-President Dawes would get no aid from him in his campaign to change rules of the Senate. Brigadier-General James F. Fechet, who succeeded Col. Mitchell as Chief of the Air Service, stated that the air forces should eventually be separated from army and navy control.

HE DEFENDS CRIME NEWS

CLEVELAND EDITOR POINTS OUT PERCENTAGE IS SMALL.

NEWSPAPERS ARE FAIR

Decline and Fall of Old-Time Personal Journalism Traced By E. H. Baker, Father of Mrs. Louise B. Hastings.

Columbia, Mo., May 7.—The charge that newspapers print too much crime was refuted here yesterday before the University of Missouri School of Journalism by Elbert H. Baker, president of the Plain Dealer of Cleveland, O.

In the place of the personal journalism of the former generations, Mr. Baker also declared, the newspapers of today were printing news more fairly and informatively and he predicted in the future there would be "fewer and better newspapers."

The Ohio editor told of an investigation he made on the complaint of subscribers that his newspaper printed too much crime news. He explained that of a total of 30 million dollars collected annually in taxes in Cleveland, 40 per cent was spent in combating crime.

"Yet a measurement made on news space on our newspaper," Mr. Baker added, "showed that only 4 per cent of the space was devoted to stories about crimes."

Carrying his investigation to leading newspapers throughout the country, including The Kansas City Star, Mr. Baker found his 4 per cent average was not exceeded by more than 1 per cent in any of these newspapers. He called attention to the experiment of a Des Moines newspaper in eliminating crime stories from its front page. The speaker commented on the fact the Des Moines newspaper had more than 4 per cent of its news space devoted to crime.

Much Greater Service Today.

While there are complaints against the modern tendencies of journalism, Mr. Baker told of the vastly greater service newspapers gave their readers today than in the old days of personal journalism. Incidentally, the speaker remarked he obtained his first newspaper experience manipulating an ink roller on an old Washington hand press for a farm paper published in Kansas City.

In the Civil War, when battles were going on almost continuously and the people at home were deeply interested in the war, Mr. Baker declared no Cleveland newspaper printed more than three fourths of a column of telegraph news.

Mr. Baker in telling of the era of personal journalism, illustrated the editorial style of those days by reading an editorial printed in the Plain Dealer in 1854 attacking Joseph Medill, then editor of the Cleveland Herald, but later more famous as editor and controlling owner of the Chicago Tribune.

"There goes the liar again. Jo Medill can win a cool $100 if his article on the old-time Democracy of this morning is true and lose the hundred if he lied. These lying, flannel-mouthed Irishmen like Jo Medill we never did like anyway."

Teamwork Puts Out the Paper Now.

"From these vociferous days of personal journalism," Mr. Baker continued, "and the day of the highly individualistic editor, which continued with gradual abatement of intensity well into the 80s, there has evolved by slow degrees the highly specialized newspaper of today. Instead of the old-time individualism there has come the highly organized teamwork of the present."

In defending the newspapers of today from attacks by their critics, Mr. Baker called attention indirectly to the magazines.

"When I watch," he said, "at the news stands, as I often do, to see what men and women, boys and girls buy, I am amazed to find the size of the armful of wildly exciting adventure and raw sex stuff carried away, not only by men and boys, but by women of uncertain age and girls in their 'teens.

"Fortunately for the well meaning and right thinking newspapers, this craze goes in cycles, and at its worst is only one manifestation of our complex civilization."

Mr. Baker is the father of Mrs. Louisa B. Hastings at Residence Hall.

ROOM FOR AUTOMOBILE TOURIST AT MODERN WOODMEN HEAD CAMP

The automobile will carry a larger percentage than ever before of Delegates and Foresters to the quadrennial Head Camp and encampment of the uniformed rank and of the Modern Woodmen of America at Milwaukee next June. This is indicated by the many inquiries being received at the Head Office in Rock Island as to facilities for the entertaining of motor parties. Head Clerk J. G. Ray is able to reply in all cases that the Wisconsin metropolis is unusually well prepared to supply whatever is needed.

The Foresters' Encampment will be held in State Fair park, where 7,000 cars may be parked. Just across the street is the main tourist camp of West Allis, exceptionally well maintained and provided with kitchen, dining-rooms, toilets, etc. Here visiting members may pitch their tents and sleep, and cook their own meals, if they desire. Streets are well marked and with the aid of maps, which are being distributed, it will be easy for drivers to find their way about the city.

At this encampment, Foresters, for the first time, are to be furnished meals, as well as sleeping quarters. The latter are to be in the pavilions on the state fair grounds. Many members intend to travel by automobile and take their families along to Milwaukee for a week's outing.

Speedy, willing, smiling
SERVICE

You like to receive bang-up service.

But when that service is given in a mechanical manner; when it is apparent that it is delivered as just a part of the every day routine, then there is something missing.

That missing something is *friendliness.*

Not the gushing, slap-'em-on-the-back kind of attention, but just a wholesome, smiling, willing service that makes you feel that your business is appreciated for something other than the money involved.

Marland station attendants are selected and trained to render you just that kind of service.

But remember, we couldn't afford to talk so freely and frankly about a matter of this kind in public print unless Marland Men actually delivered this kind of service.

And don't forget that they really like to give you this kind of attention. They get a lot of pleasure out of it. The whole thing is catching. The atmosphere round Marland stations even on the gloomiest of gloomy days is one of cheer and optimism.

Of course Marland Oils and Gasoline measure up in quality to Marland Service. Thousands upon thousands of motorists who visit our stations every day testify to that fact,

MARLAND OILS

always the same-always good

5-8

Buy Red Crown

The High-Grade Gasoline

and You Buy More Miles per Gallon

Many think of motor performance in terms of "car"—as a matter of fact it is the gasoline in the tank that plays the leading part, for gasoline is the propelling force.

To appreciate this, recall that embarrassing incident of being "out of gas." As gasoline is the leading factor in performance, we are up to the point of quality.

Red Crown is the standard, high quality gasoline. It has stood the test of time; been proved and approved by millions of motorists.

It will produce more power—more speed—more mileage—per gallon, at a lower cost, than any other gasoline you can buy because the arrangement of the boiling point fractions is scientifically correct.

It vaporizes to the last drop—it delivers a bigger value per dollar spent than any other commodity we know.

NEW STANDARD AIDS INDUSTRY

GREAT BRITAIN'S RECENT MOVE TO MEAN MUCH.

IT IS NECESSARY STEP

Will Encourage Other Nations To Take Similar Action—Means Stability For International Trade.

(By Dr. Isaac Lippincott of Washington University, St. Louis).

St. Louis, May 7.—The world welcomes every reasonable plan for the restoration of industry and commerce to the prosperous pre-war basis. This was one of the reasons for the ready acceptance of the Dawes plan. Many critics said it would not work; but they failed to see the real essence of the plan which was the establishment of order in the place of chaos in the industrial and financial affairs of Germany and in the countries which looked to Germany for reparations payments.

Those who believed in the Dawes plan maintained that if it stabilized German currency, if it enabled the country to balance its budget and restored a sound basis for business development, it would fully justify itself.

The action of the British Government on April 28 practically re-established the gold standard in Britain. This move ranks with the Dawes plan as a necessary step in the industrial and financial stabilization of Europe. The word "practically" is used because in Britain there are still some limitations on the free use of gold. For example, the license to export gold is given only to the bank of England and not to individuals and to other credit institutions. Moreover the redemption of bank notes in gold is still left to the option of the Bank of England.

It can hardly be said that the gold standard has been fully restored; this will not be the case until all persons and banks can trade freely in gold and until the conversion of bank currency into gold can be done at the option not only of the banks but of the noteholders. But that the market is not made completely free at this time is probably a wise precaution. It is impossible to foresee all the consequence of this change, and, as a result, it is necessary to proceed with care. If all goes well, complete freedom of the gold market probably will come with 1926. At least this is the present plan.

As a further measure of precaution the British government has arranged for credits in America aggregating some $200,000,000. Two thirds of this sum is to be supplied by the American Reserve banks and the balance by the Morgan house. From present forecasts it will not be necessary for the British government to use these credits. They are simply a reserve to give assurance that there is a great reservoir of credit behind the newly established gold standard.

That the British government can go this far in restoring normal conditions is a remarkable achievement in view of the great financial disturbances which come in the wake of the late war. It is a tribute to the strength of British financial institutions.

It will be remembered that after the suspension of the specie payment in the United States in 1862, shortly after the outbreak of the war between the states, the return to gold payments was not affected for nearly eighteen years. During all that period the country was on a paper money basis.

Restrictions were placed on the free use of gold in this country during the late war; but these restrictions were removed shortly after the Armistice. It was not possible, for any European country to return to the gold basis as promptly as the United States; in every case the nations of Europe were debtors and they feared that the free flow of gold would impair their credit basis. The United States was not only a creditor nation, but it was the repository of a large proportion of the world's gold supply. We had nothing to fear from the export of large quantities of gold.

One great benefit which will flow from the restoration of the gold standard in England is that it will encourage other nations to take similar action. Most of the British free nations have already announced their intention to follow suit. Indeed, Canada anticipated England in this move and the South African commonwealth will follow on July 1.

Some of the European countries have already revalued their currencies and are prepared for a return to the Gold basis. Germany, Poland and Austria are in this class. Others, including Hungary, Bulgaria, Finland and Jugoslavia have established stable exchanges and are in a position to revalue their currencies and pass over to the gold basis. The resumption of the gold standard in England makes these transitions in other countries relatively easy.

All this signifies greater future stability for international trade. It removes much of the uncertainty which has hitherto hampered foreign trade relations and by so much tends to restore international commerce to a more stable and certain basis. The gradual expansion of industry and trade may be expected to follow as regular sequence.

One of the great stimulants to foreign trade is the investment of capital by the people of one nation in other countries such as the founding of new industries, the building of railroads and the opening of mines and farms.

Moberly, Mo., May 7—Vagrants and inebriated persons who find their way into the city jail, will no more recline in blissful leisure until their term of incarceration expires. They are being put to work beautifying the city. At present a squad of city guests is at work on Forest Park.

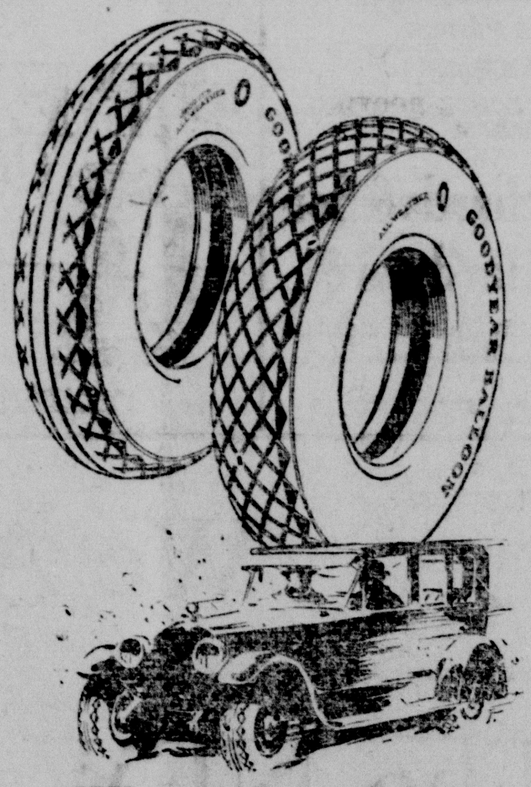
Eight Stores One Price



Why Waste Time Shopping Around?

You can't get a better tire than a Goodyear at any price.

You can get a Goodyear Tire from us for the same or less money than you will be asked to pay for uncertain quality.

These are facts we can prove to your satisfaction within five minutes.

Come in and get acquainted with the real tire bargain of the year—a genuine Goodyear at your own price, and our standard Goodyear Service to back it up.

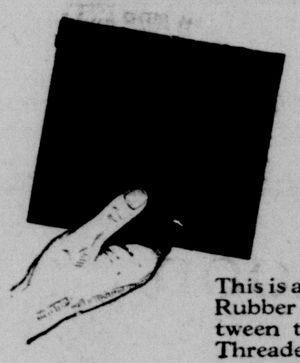
WILLARD Invented This



to Make Batteries Give Better Service

This is a piece of Willard Threaded Rubber Insulation. It goes between the plates of the Willard Threaded Rubber Battery.

As long as you have this insulation, you will never have to pay a bill for having your battery reinsulated. If for any reason it fails in its duty we will replace it without charge to you.

Fair enough, isn't it?

We will fill your Battery with Distilled Water and TEST FREE.

Dirigible Rides Gale

The giant dirigible Los Angeles is shown tied to the U. S. S. Patoka off the rocky shores of Bermuda during a terrific storm in this, the first picture to reach the United States. Following her safe return to Lakehurst, N. J., the aircraft was prepared for flight to Porto Rico.

CLEARMONT.

We are all glad to see this bright, warm, May morning after the cold week. As we are out looking around we see Jack Frost was here. Every leaf has a brown, crimped edge, well we hope just the edges are hurt, for we hope for fruit, corn and beans are looking sick too; there is plenty of time to replant so let us not be discouraged.

We believe people in general are feeling fine, all seem in a good humor and busy as can be. Several of our citizens are busy preparing bee hives preparatory to a nice supply of honey next fall. Nothing is better according to our taste.

Mrs. Gladys Brown's new house on Pine street is making a splendid showing. The carpenters are proving themselves good workmen. I believe the Gohn Brothers are the contractors.

When driving out of town we see the farmers right on the job, plowing ready for corn. They say it's a little too cold for planting.

Our sick folks are about the same. We are still hoping they will soon recover.

School folks are busy getting ready for the closing. The Senior play, "My Irish Rose" will be given at the school house May 9th.; the banquet the 16th; class night the 14th; Baccalaureate sermon, 17th; class address, 18th.

Class Motto:

"Life is like a picture, so paint it well."

Last night, Friday, was the last P. T. A. meeting this school year. After the regular business session election of officers for the next year was held, resulting in the re-election of the present years officers—Mrs. L. F. Harmon, President; Mrs. Moore, Vice-President; Mrs. Frank Rhodes, Secretary; Guy Cleary, Treasurer; Mr. Edd Dew, Mrs. Charles Leverton and Mrs. L. F. Harmon, executive board.

Bring a well filled basket to the school dinner at the school-house May 19th.

The P. T. A. program committee this month have not been slackers for the entertainment they put on last night was first class; we do not mean to infer that the other committees have been slow for they have never failed once; and those on the programs have responded well.

Did you see the airplane? It just went over. Too many trees to get a good view, but we all did our best running after it, and looking. A zeppelin, they say.

Everything is so quiet there is really no news, no run-a-ways, no auto accidents, or such like, we are glad to know.

Let's all keep cheery, be social, neighborly, not to much of "stay at homes," not do all our calling over the phone but really get in the Ford and go see our neighbors, then Sunday go to Sunday School and church. Let's do, what do you say?

For Balloon Tires---

Proper Inflation Important

Firestone
Steam-Welded Tubes

Fill Every Requirement of the Most Exacting Motorist

The right air pressure, which is so necessary in Balloon tires, is maintained easily if you have these steam-welded tubes.

The strong unified construction prevents air leakage while the integral valve base corrects a heretofore vulnerable point.

You will get not only the full enjoyment of your Balloon equipment with Firestone Red or Gray Tubes, but longer mileage.

They are your greatest asset to efficient tire service. Let us supply your needs now.

Better Cooking with Less Work

Science has developed remarkable new oil stoves which not only free women of the burden of cooking with coal or wood but actually give them better cooking results than they have known before.

These finer stoves—Perfection Oil Ranges—cook with the speed of gas. Their instant heat, their clean steady flame and general dependability are giving women a new confidence in their cooking.

Perfection Oil Ranges combine the best ideas in modern stove construction—durable enamel top—straight legs—substantial design—roomy shelves—beauty and convenience.

Dealers everywhere have Perfection stoves and ranges and are glad to demonstrate their gas-like cooking service. *See your dealer today.*
